

HOCKLEY BUILDING SERVICES LTD**ENVIRONMENTAL POLICY STATEMENT**

Hockley Building Services Ltd recognises that concern for the environment should be an integral and fundamental part of the business. We are aware of the impact of our day-to-day operations on the environment; our objective is to balance the need to achieve our business aims with effort towards sustainable environmental improvement, which can be measured and monitored on a regular basis.

Hockley Building Services management have specific responsibility for policy development, coordination and evaluation of performance. Environmental aspects of our processes and activities will be effectively managed in order to protect the health and safety of employees, customers and the public whilst contributing to the future wellbeing of the environment.

We will undertake to provide the necessary training and support to all employees to ensure that they understand and are able to fulfil the relevant aspects of the policy in their day-to-day work. We are committed to minimising the impact of our operations on the environment by means of a programme of continuous improvement and in particular Hockley Building Services Ltd will:

- Set clear objectives and targets with the aim of ensuring continual improvement of the company's environmental performance and management systems
- Conduct our operations to ensure compliance with all relevant environmental legislation
- Show a continual commitment to the prevention of pollution through the use of operational controls, training and risk assessment
- Make efficient use of resources, reuse rather than dispose where possible and promote the use of recycled materials
- Improve waste management and reduce waste to landfill where possible
- Continually aim to minimise energy consumption through effective energy management
- Reduce wherever possible the level of uncontrolled atmospheric emissions
